

MPS

Male solder contact, gold plated, for cable and chassis connectors

Wire size: AWG 20 / 0.5 mm²

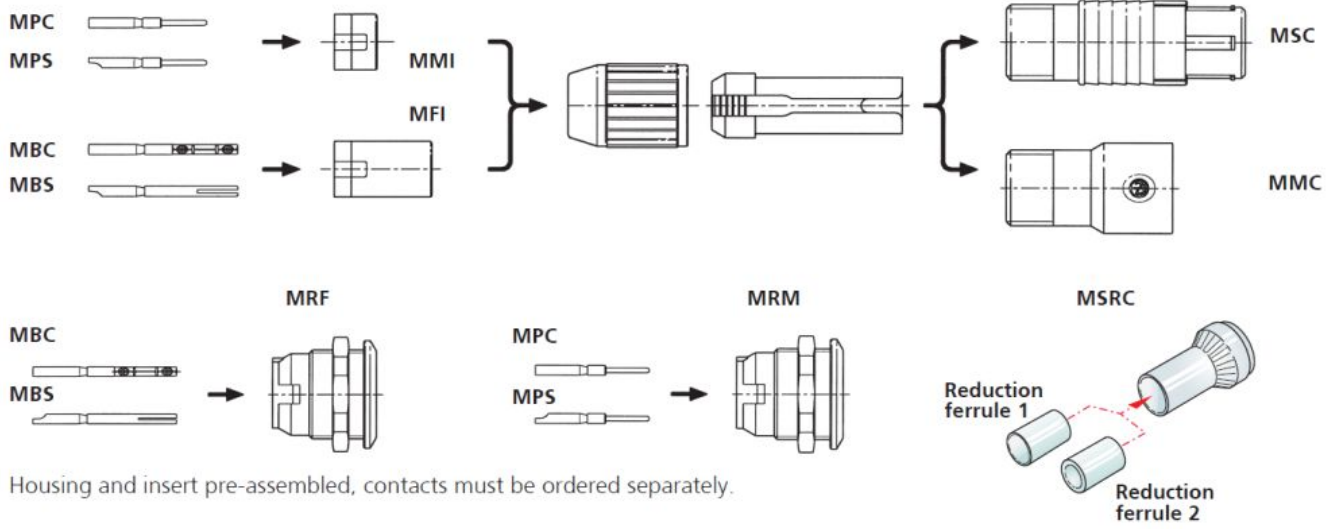

The modular system of the miniCON series offers the possibility to assemble a desired connector from a wide range of various parts. Including additional parts for special versions (e.g. cable connector extension, crimp set, ...).

The miniCON with its flexible and compact design is perfectly suitable for multipin/industrial applications. The rugged all metal miniature connector offers a push-pull locking device and stands out by an excellent cost/performance ratio.

Features & Benefits

- Easy assembly: contact soldering / crimping in disassembled condition avoids awkward wiring of high density contacts
- Push-pull self-locking system
- Gold plated contacts
- Up to 12 contacts selectable
- Rugged, precisely machined all metal design

Modular System

Technical Information

Product	
Title	MPS
Connection Type	miniCON
Gender	male

Mechanical	
Wiresize	

Environmental	
Solderability	Complies with IEC 68-2-20
