

NC3MBAH-0

3 pole male XLR receptacle, grounding: ground contact connected to shell ground, but not to front panel and Pin 1, horizontal PCB mount

The BA Series is the more economical version of the B Series with circumferential metal flange featuring EMC and RF shielding and mechanical robustness.

Features & Benefits

- ✓ More economical version of B Series, same size and featuring highest packing density
- ✓ Metal mounting flange featuring continuous circumferential ground contact to chassis for best EMC and RF protection
