

## NCJ10FI-H

3 pole XLR female receptacle with 1/4" switching stereo jack and switching ground contact, horizontal PCB mount

XLR / jack hybrid chassis connector combining 3 pole XLR receptacle and 1/4" jack.

## **Features & Benefits**

- ✓ Combined XLR receptacle and 1/4" phone jack
- ✓ Balanced or line inputs in one XLR shell
- ✓ Saves rack space by combining 2 connectors in one housing
- ✓ Very low conductor capacitance, therefore suitable for digital audio

## **Technical Information**

| Product         |           |
|-----------------|-----------|
| Title           | NCJ10FI-H |
| Connection Type | Combo     |
| Gender          | female    |

| Electrical                |   |
|---------------------------|---|
| Contact resistance        | < 10 mΩ (XLR)                               |
| Contact resistance        | < 20 m $\Omega$ (jack & switching contacts) |
| Dielectric strength       | 1,5 kVdc                                    |
| Insulation resistance     | > 10 GΩ (initial)                           |
| Rated current per contact | 7,5 A (XLR)                                 |
| Rated current per contact | 7,5 A (Jack)                                |
| Rated voltage             | < 50 V                                      |
| Switching contacts        | 3   |

| Mechanical         |                      |
|--------------------|----------------------|
| Insertion force    | ≤ 25 N               |
| Withdrawal force   | $\leq 25 \text{ N}$  |
| Lifetime           | > 1000 mating cycles |
| Panel thickness    | max. 7 mm 0.27"      |
| Wiresize           |                      |
| Mounting direction | Rear mounting        |

| Material                |                                   |
|-------------------------|-----------------------------------|
| Contact plating         | 0.2 μm Au hard alloy over 2 μm Ni |
| Contacts                | Bronze (CuSn6)                    |
| Insert                  | PA66                              |
| Locking element         | Steel Ck67                        |
| Locking element plating | Nickel                            |

| Environmental     |                  |
|-------------------|------------------|
| Flammability      | UL 94 V-0        |
| Temperature range | -30 °C to +80 °C |
