#### NEUTRIK

# opticalCON SPLIT

Multichannel (up to 12 channel) cable solution based on optical CON DUO, QUAD or MTP®. Excellent cable retention due to aramid yarn, black PUR outer jacket.

The optical CON cable connector accommodates PC optical channels based on conventional and proven LC or MTP® connectivity protected by a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn. The optical connection is exceptional well protected against dirt and dust by an automatically operated sealing cover.

The cable connector comes pre-assembled and is not available as a single component. The cable is available in different lengths and is packed either in a case, on drum or airspool.

#### **Features & Benefits**

- opticalCON multichannel solution based on the opticalCON DUO, QUAD or MTP®
- opticalCON multi mode fiber cables offer laser and bend optimized OM3 fibers
- Color coding for channel identification
- For Point-to-Point multichannel routing
- Dust and water resistant according to IP65 in mated condition

- maximum flexibility combining 2-, 4- and
  12-channel cables
- 1 m SPLIT: mechanically damaged connectors can be reassembled with a slightly shortened cable split
- Rugged fiber optic connection system
- Innovative spherical shutter guarantees low maintenance

## **Technical Information**

| Product |                  |
|---------|------------------|
| Title   | opticalCON SPLIT |

| Mechanical       |                    |
|------------------|--------------------|
| Cable retention  | 500 N              |
| Insertion force  | < 45 N             |
| Withdrawal force | < 45 N             |
| Lifetime (typ.)  | 2500 mating cycles |
| Wiresize         |                    |
| Locking device   | Push-Pull          |

| Material      |  |
|---------------|--|
| Boot          | Rubber (EPDM)                              |
| Bushing       | Zinc diecast (ZnAl4Cu1)                    |
| Insert        | Polyamide (PA 6, PBT 30 % GR, PBT 50 % GR) |
| Shell         | Zinc diecast (ZnAl4Cu1)                    |
| Shell plating | Black chromium                             |
| Strain relief | Brass (CuZn39Pb3) + PU, Ni                 |

| Environmental     |                  |
|-------------------|------------------|
| Temperature range | -40 °C to +70 °C |

| Optical        |          |
|----------------|----------|
| Insertion loss | < 0.9 dB |

| Mobile cable           |   |
|------------------------|---|
| Colour                 | black, matte                            |
| Core diameter          | Singlemode 9 μm, Multimode 50 μm OM3 μm |
| Cladding diameter      | 125 μm                                  |
| minimal bending radius | 10.9 cm                                 |
| Number of fibers       | 12                                      |
| Cable retention        | Aramid yarn                             |
| Weigth                 | 103 kg/km                               |
| Cable diameter         | 10.9 mm                                 |
