

## SC8-NI

Cable connector housing for female and male inserts, nickel coated, 180° coding

The modular system of the miniCON series offers the possibility to assemble a desired connector from a wide range of various parts. Including additional parts for special versions (e.g. cable connector extension, crimp set, ...).

The neutriCON connectors are designed for multipin/industrial applications in harsh and demanding environment. The very robust all metal circular connector offers easy and screwless assembly, flexible part combination and a push-pull locking mechanism.

## Features & Benefits

- ✓ Contact configuration can be selected from 1 to 8 contacts
- ✓ Easy assembly: Contact soldering / crimping in disassembled condition avoids awkward wiring of high density contacts.
- ✓ Precise and robust all metal housing
- ✓ Push-pull self-locking system
- ✓ Coding system possible (polarization)

## Modular System

**Technical Information**

| Product         |           |
|-----------------|-----------|
| Title           | SC8-NI    |
| Connection Type | neutriCON |

| Mechanical     |                      |
|----------------|----------------------|
| Lifetime       | > 1000 mating cycles |
| Wiresize       |                      |
| Locking device | Push-Pull            |
